Have your say on new ward boundaries for Elmbridge

The independent Local Government Boundary Commission for England is asking local people for their help to draw up a new pattern of council wards for Elmbridge Borough Council.

The Commission has also announced that it is minded to recommend that the council should have **48 councillors in future: twelve fewer than the current arrangements.**

The Commission now needs information from people and groups across Elmbridge to help it to produce a new pattern of wards to accommodate 48 councillors.

In drawing up new boundaries, the Commission aims to deliver electoral equality for voters in council elections so that each councillor represents roughly the same number of voters. The review also aims to ensure that the new council wards reflect, as far as possible, the interests and identities of communities across Elmbridge.

People have until **31 March 2015** to submit their views. - See more at:
